International Journal of Coal Geology, 14 (1990) 343–344
Elsevier Science Publishers B.V., Amsterdam — Printed in The Netherlands

Contents Volume 14, 1989/1990

Special Issue

ERICH STACH MEMORIAL ISSUE, edited by W. Pickhardt

Preface vii

ERICH STACH. A life devoted to coal petrology
M. Teichmüller (Krefeld, F.R. Germany) 1
Publications of ERICH STACH
M. Teichmüller (Krefeld, F.R. Germany) 5
The wanderings of *Donsexinis* Stach, 1957, alias *Densosporites* S.W.&B., 1944 in the North Atlantic Ocean. A forensic geology investigation
P.A. Hacquebard (Dartmouth, Canada) 15
Micrinite — its nature, origin and significance
G.H. Taylor and S.Y. Liu (Canberra, Australia) 29
Igneous activity and organic maturation in the Midland Valley of Scotland
D.G. Murchison and A.C. Raymond (Newcastle upon Tyne, United Kingdom) 47
The role of coal petrography in understanding the properties of South African coal
C.P. Snyman (Pretoria, South Africa) 83
Automatic maceral analysis of low-rank coal (brown coal)
R. Takahashi (Fukuoka, Japan) and M. Sasaki (Chiba, Japan) 103
Facies and rank of the Permian Kupferschiefer from the Lower Rhine Basin and NW Germany
M. Wolf, P. David, C.B. Eckardt, H.W. Hagemann and W. Püttmann (Aachen, F.R. Germany) 119
Trace elements in minerals of German bituminous coals
W. Pickhardt (Essen, F.R. Germany) 137

Research papers
Trace-element siting in iron-sulfides in Ohio coals determined by secondary ion mass spectrometry (SIMS)
R.G. Wiese (Alliance, OH, U.S.A.), I.J. Muir and W.S. Fyfe (London, Ont., Canada) 155
Nature and depositional environment of Devonian coals from western Melville Island, Arctic Canada
F. Goodarzi and Q. Goodbody (Calgary, Alta., Canada) 175
Optical/compositional character of six bitumen species from Middle Devonian rocks of the Pine Point Pb-Zn property, Northwest Territories, Canada
F. Goodarzi and R.W. Macqueen (Calgary, Alta., Canada) 197
Geology of the Fushun coalfield, Liaoning Province, People's Republic of China
E.A. Johnson (Denver, CO, U.S.A.) 217
Fluorescence technique – its application for better prediction of properties for certain Indian coals
S.G. Chaudhuri and S. Ghose (Dhanbad, India) 237

Research Papers
Thermal alteration and rank variation of coals in the Matanuska field, south-central Alaska
R.D. Merritt (Albuquerque, NM, U.S.A.) 255

0166-5162/90/$03.50 © 1990 Elsevier Science Publishers B.V.

Resino-inertinites of Indian Permian coals – their origin, genesis and classification
B.K. Misra, B.D. Singh and G.K.B. Navale (Lucknow, India) 277
Micropetrographic characteristics of certain Lower Permian coal seams of India with special reference to their mode of formation
C.N. Chatterjee, S. Ghose and D. Chandra (Dhanbad, India) 295
The Lower Permian coal seams from Singrauli coalfield (M.P.), India: petrochemical nature, rank, age and sedimentation
B.K. Misra and B.D. Singh (Lucknow, India) 309
